

Notes from a meeting of the
IT Commission
Warsaw, Poland, 19.-20.January, 2018

Present:

Håkan Blomgren (HB), SWE (chairperson, notes)
Björn Heinemann (BH), GER
Henning Spjelkavik (HS), NOR – first day
Finn Arildsen (FA), DEN

Absent:

Dmitry Miller, UKR

Executive summary

The focus at the meeting was to finalise a version 1.0 of the **IT Quality Requirements document** and **Proven Timekeeping Systems in Orienteering**.

We also discussed to have an Open IT Meeting at WOC 2018 in Latvia.

IT Quality Requirements document

We did an extensive work on the document and the plan is now to send it out on a last review to a limited number of stakeholders and then by 1st March have a version 1.0 of the document.

Proven Timekeeping Systems in Orienteering

We did an extensive work on the document and the plan is now to send it out on a last review to a limited number of stakeholders and then by 1st March have a version 1.0 of the document.

All IT quality documents

All IT quality documents, and a number of “best practise” documents, will be published at www.orienteering.org, latest beginning of March.

Open IT meeting at WOC 2018

We discussed to have an open IT meeting – as we have had 2012/2014/2016 – at WOC in Latvia.

HB will discuss Agenda and Venue with IOF Office and the organisers.

Other issues

Meeting with Rule commission (RC)

We had a meeting with RC about the use of two e-cards. If organiser and/or supplier recommend the use of two e-cards, ITC will approve that.

HLES 2018

HB will give a presentation at HLES 2018 in Riga about IT Quality and the importance of using an IT ASEA.

HB and David Wästlund from IOF Office will also hold a Workshop on the same subject.

Next live meeting

At WOC 2018 in Latvia

Håkan Blomgren,
20th February 2018
